BIOGRAPHY:

Formed in Liege, Belgium, by guitarist Asthar and vocalist Wan in September 2013, BLIND SEER is maybe the most original project to have seen the light in the recent years. BLIND SEER's music explores different sides, ranging from classical heavy metal to jazz, industrial rock and alternative music. The guys like to open doors to a new universe and step where no one else has ever dared to step before. While they remain melodic, they also like to break with tradition. Forget the usual verse/chorus canvas, think freedom and uniqueness.

In 2015, BLIND SEER published its first release, mixed and mastered by Brett Caldas Lima; the „Astounding Revelations“ EP. The EP included 5 original songs and a cover version of David Bowie's „Starman“.

BLIND SEER started touring clubs in Belgium soon after, presenting a show involving smoke, fire and lightnings. Just like their music is one of a kind, their stage presence is also something to behold! Think about a post-apocalyptic universe, add a lot of metal, even more originality, and you should get a good idea of what it's really about.

With „Apocalypse 2.0“ - to be released on July 21, 2017 on Massacre Records - BLIND SEER goes one step further and prepares to invade the universe!

Don't trust anything or anyone - except the BLIND SEER!
