Deep from the age of the prehistoric dinosaurs comes VICTORIUS - saving the world from a fucking alien invasion. Alongside the Holy Dinoforce, these five madmen play Jurassic Power Metal with lots of high tech stuff and laser cannons!

Grown up in Leipzig, Germany, VICTORIUS played their first shows on a quest with epic battles against demons and dragons, forming touring alliances with bands like Grave Digger, Van Canto or Freedom Call. From 2004 until 2017, they gathered thousands of supporters all over the planet in preparation for the most epic showdown in modern prehistoric history: dinosaurs versus aliens.

*Slay the alien scum!*

**ALBUM INFOS:**

„Dinosaur Warfare - Legend Of The Power Saurus“ is the fifth release of the band from Leipzig, Germany, and their first ever concept album. The brilliant sound of the EP's predecessor, „Heart Of The Phoenix“ (2017), has been developed further and was upgraded with a lot of fitting sound effects, which add to the special atmosphere of this release.

You'll find all of VICTORIUS' trademarks - a catchy and varied songwriting, the unique voice of front man David Bašin and a plethora of up-tempo power metal smashers - on this EP!

The guitars deliver melodies galore, and the drums and bass hit the pedal to the metal from the very first until the last minute. Choirs as well as orchestral elements add another layer to this epic EP.

„Dinosaur Warfare - Legend Of The Power Saurus“ is a lot of fun!

## BACKGROUND STORY

Dinosaur Warfare - Legend Of The Power Saurus

Millions of years ago, the earth we know was ruled by mighty dinosaurs. These majestic creatures were reigning the glorious kingdom called earth (yes, the whole globe was one shiny dinosaur kingdom!). But one day, who could have expected, evil aliens from out of space were invading Earth's kingdom to conquer and enslave all beings. Only the Holy Dinoforce, a special dinosaur taskforce consisting of the strongest, fastest and coolest dinosaurs, could protect the realm.

A holy war broke out, big losses on both sides, and the dinosaurs had to struggle with super-duper high-end alien technology! The only way to defeat the enemy and save the kingdom was to upgrade their own weapons and powers.

The saber-toothed tiger exchanged his teeth to laser cannons, so he became the LazerToothTiger! The Velociraptor improved claws and speed, so he transformed into the RazorBladeRaptor - a superfast assassin with infrared cyborg eyes - the ninja among the dinosaurs! But just one beast could lead the dinosaurriors (dino + warrior = dinosaurrior) into victory: The legendary Power Saurus!

A warrior supreme! He was the strongest of them all, born to fight the ancient war between aliens and dinosaurs. Uniting all the powers and strength of the Dinoforce. Only he could lead the soldiers into victory! Thousands of firebolts were raining from the sky and in a raging battle between these prehistoric war machines and the alien scum the path to eternal glory has been revealed!

To be continued...
